**WHO:** You, your fellow government communications colleagues and guest speaker and body language specialist Janine Driver

## **SPECIAL FEATURE:**

### **Learn How to Read People in 5 Minutes or Less! with Janine Driver, aka the Lyin' Tamer**

People reveal themselves in an incredibly short time -- the key is to be aware of the clues they exhibit, read their body language, and learn to listen to your intuition.

In this edu-teaser, you'll learn how to identify certain types of challenging and deceptive individuals (forewarned is forearmed!). You will gain a substantial strategic advantage in both your professional and personal life as you strengthen your ability to assess the motivations of others as well as their strengths and weaknesses.

Ever wanted to know what someone is really thinking - just by the way they cross their legs, or clasp their hands, or lean to one side or the other? This will help you develop strategies to read situations more accurately and steer clear of pitfalls. It's a great way to upgrade your "people skills" in 30 minutes!

Copies of Driver's new book [You Say More Than You Think](#) will be available to be signed by the author during the happy hour.

**RSVP:** Please RSVP by March 2 to Mary Ackleson, [Ackleson@nagconline.org](mailto:Ackleson@nagconline.org).  
**Bring your government communications friends! All are welcome!**
